| Facility changes needed, or reasoning if none | In one case, the Incident Review resulted in a recommendation that inmates of the opposite sex being staged for pending movements (e.g., to court) not be seated across from a holding cell to prevent harassment for the inmate in the cell. A directive was issued to facility staff to implement this change. Other than this change, the reviews of the facility's incidents did not indicate common elements that suggested the need for changes specific to the facility. |
