Roll Call Training Application

The Kern County Sheriff's Office has implemented a Roll Call training application that can be accessed via SharePoint. This application aims to ensure that mandatory training is tracked and delivered to ensure compliance with the Stipulated Judgement and various California State Laws that require periodic training for peace officers. This application can also be utilized to track any training provided to deputies that would otherwise go untracked. The application can be accessed via the following link:

A PowerPoint presentation has been created and added to SharePoint that outlines the steps to create training entries and what is required in order to track which personnel received the training. The following link can be used to access the presentation:
