

KCSO PROGRAMS

ALL PRESENTATIONS ARE AVAILABLE IN SPANISH AND ARE APPROXIMATELY ONE HOUR (UNLESS OTHERWISE NOTED)

HEADQUARTERS TOURS

ALL AGES

Tours of our headquarters are scheduled quarterly. Please call or email the Crime Prevention Unit to get current dates and times. (661) 391-7559

INTERNET SAFETY FOR PARENTS AND EDUCATORS

ADULTS

Our children are very adept in knowing the new technology trends and apps. In this presentation, we will equip parents with information to help them navigate these fast changing and sometimes dangerous world of apps. We discuss topics such as predators, sexting, parental controls, red flags to look for in kids that may be involved in dangerous activity and more.

INTERNET SAFETY FOR PRE-TEENS

5TH- 8TH GRADE

With many pre-teens owning cell phones, they must be taught the responsibilities and consequences of having access to the internet. This presentation especially tailored to middle schoolers is designed to increase awareness about the internet and social media. Topics include predators, cyberbullying, sexting, and appropriate information sharing online.

PREDATORS TRICKS AND TRAPS ON THE INTERNET

HIGH SCHOOLERS/ADULTS/EDUCATORS

Offered to high school age and adults to increase awareness of the dangers online. This intensive information packed presentation will include how to tell if you have encountered a predator, how they groom their victims, the human trafficking of victims, and resources for victims that may be trapped in these domestic violence/human trafficking relationships.

NEIGHBORHOOD WATCH

ADULTS

This in-depth training covers three important aspects of Neighborhood Watch. 1.) Neighbors organizing and coming together. 2.) Detecting suspicious activity and reporting it properly 3.) Techniques and trends to protect your property and reduce the window of opportunity for crime. The CP unit will give you the information on starting and running your own neighborhood watch group so YOU and your neighbors can take back your neighborhood.

DOMESTIC VIOLENCE

ADULTS

A presentation designed to inform adults who may be in this type of relationship or know someone who is. Warning signs of an abusive relationship, the cycle of abuse, what to do if you know someone in an unsafe relationship and resources for victims are discussed.

TEEN DATING VIOLENCE

TEENS AND YOUNG ADULTS

Many domestic violence indicators are developed early on in life when teens are first dating. This presentation is specifically designed for dating relationships and understanding what these indicators are. A special quiz, understanding healthy relationships, and resources for victims are presented.

HUMAN TRAFFICKING

ADULTS and TEENS

Bringing awareness to human trafficking is the first step towards prevention. Recognizing the signs, barriers to leaving their situation, the mindset of a victim and abuser, who are the victims, the realization that it is happening in our county, and much more is discussed in this presentation.

KCSO PROGRAMS

PG 2

ALL PRESENTATIONS ARE AVAILABLE IN SPANISH AND ARE APPROXIMATELY ONE HOUR (UNLESS OTHERWISE NOTED)

**DRUG AWARENESS
FOR PARENTS AND EDUCATORS**

This presentation is designed for parents, teachers or staff working with youth. Focusing on current drug trends common among youth, symptomology and effects of certain drugs, and resources for parents.

**PERSONAL SAFETY
ADULTS**

This Presentation incorporates many aspects of life. It reminds us to be prepared in any situation. Home security, street safety, vehicle/traffic safety, and what to do if you should become a victim is discussed.

**STRANGER DANGER
K-4TH GRADE**

The Stranger Danger presentation teaches kids prevention to understand that not all bad people look bad. The children are taught which strangers are good strangers and different types of lures a bad stranger may use. Knowledge and prevention go together. The more our children know and are taught what to do in an emergency, the less likely it is that they will become a victim.

**BULLYING
K-5TH GRADE**

This presentation includes basic information for school age children on the dangers of bullying, what is a bully, how to stop a bully and what to do if you are being bullied. At the end there is a fun McGruff the Crime Dog cartoon.

**SHARE THE ROAD
ALL AGES**

Whether we are a pedestrian, bike rider or driving a car, we must all share the same road. This presentation will teach the fundamentals of sharing the road such as hand signals for bicyclists, who has the right of way when coming to an intersection and much more.

**IDENTITY THEFT
ADULTS**

Identity Theft is on of the fastest growing crimes in the US and costs Americans over \$10 billion every year. In this presentation we cover many useful and practical tips to prevent becoming a victim. Resources will also be presented for those who have already become victims.

**SCAMS AND FRAUDS
SENIORS AND ADULTS**

The goal of this program is to inform, protect, prevent, and educate our community of the fraudulent crimes targeting our senior citizens and adults. The presentation includes popular scams, hoaxes, scam indicators, tips for scammer prevention and how to ensure you don't become a victim.

**TARGET HARDENING- FOLLOW UP TO
NEIGHBORHOOD WATCH
ADULTS**

For those looking for additional, follow-up training in prevention for your property. Target hardening is a prevention technique that allows property owners to take control of securing overlooked areas of weakness. Information on tools, tips, and techniques to secure a property will educate and empower a homeowner to reduce the likelihood of break-ins.

**WATER SAFETY
K-5TH GRADE**

This water safety presentation educates parents on the prevention of drowning and water related accidents. Tips for proper supervision, risk factors for various age groups, the main risk locations and knowing the signs are covered in this presentation. Since this is usually presented in the summer, a short segment on child heatstroke prevention/hot car safety is included at the end.
