TITLE: GENERAL REGULATIONS

EFFECTIVE DATE: May 1, 1999

REVISED: May 7, 2014

APPROVED BY: Erik Levig, Commander

REVIEWED: September 1, 2020

REFERENCE:

POLICY

The Sheriff's Chaplain Program has been established out of a need to provide a religious resource to the Sheriff and his staff regarding matters pertinent to clergy services. Chaplain Program members are non-sworn citizens who volunteer their time to assist the Sheriff's Office with such functions.

Sheriff's Chaplain Program members are not authorized to carry weapons of any kind; they are not permitted to take enforcement action; they will not perform any function that by law is restricted to peace officers; nor will they engage or participate in any activity (other than the obvious and unavoidable association with the Sheriff's Office created by being present with sworn members of this department in the official capacity of their job) that puts them in jeopardy above and beyond that of a normal citizen conducting day-to-day business.

GENERAL REGULATIONS:

- * Sheriff's Chaplain members shall respect their calling and appointment, and seek to the best of their ability to uphold the highest traditions of the clergy profession.
- * The Sheriff's Chaplain member shall be under the supervision of the deputy he/she is riding with at all times and shall follow all lawful orders given by the deputy.
- * Department personnel will give utmost consideration to a Sheriff's Chaplain Program member's safety when giving them an assignment.
- * The Sheriff's Chaplain member will not evangelize while on duty, or seek to add to his own church membership.
- * The Sheriff's Chaplain member shall not disdain the faith group of anyone else, nor the lack of another's faith.
- * The Sheriff's Chaplain member shall be protected by the State laws of confidentiality. Should a person specifically confide in the chaplain as a penitent, and the chaplain knowingly assents to that, then all communication would be considered privileged.

- * If a person divulges information in regard to a specific case that law enforcement is investigating which the chaplain overhears, or there was no specific request for penitent/clergy relationship, then the chaplain would not be held to the confidentiality and would be expected to divulge this information.

- * Chaplain Program members shall not release any information on any case to the media, or any member of the public unless requested to do so by the Volunteer Services Section Lieutenant/Commander. All information learned in the course of their duties as a Sheriff's Chaplain Program member shall be held in confidence.

The Volunteer Services Section Lieutenant/Commander is the appointing authority for Sheriff's Chaplain Program members with final authority in all matters pertaining to membership resting with the Sheriff of Kern County. Since the Sheriff's Chaplain Program is a community oriented program, strong consideration for participation in any group will be placed upon geographical location of an applicant's residence.
